

Pediatric Neuroradiologist at Children’s Hospital of Philadelphia

The Children’s Hospital of Philadelphia and the Department of Radiology at the Perelman School of Medicine at the University of Pennsylvania seek candidates for positions in the Academic Clinician track (non-tenure) and Clinician Educator track (non-tenure) at the Assistant and Associate Professor rank. Applicants must have an M.D. or M.D./Ph.D. degree. The applicant must be American Board of Radiology (ABR) certified or eligible in diagnostic radiology and have completed a formal fellowship in Pediatric Neuroradiology or equivalent training or experience.

Teaching responsibilities may include teaching radiology residents and pediatric neuroradiology, neuroradiology, and pediatric radiology fellows during image interpretation sessions and departmental conferences, also participating in interdisciplinary conferences with clinical subspecialists. Teaching of medical students will be limited to those rotating through the Department of Radiology at Children’s Hospital of Philadelphia. In addition, the candidate will be expected to prepare learning materials and presentations for national and international meetings.

Clinical Responsibilities may include clinical coverage in the areas of Computed Tomography (CT), Magnetic Resonance Imaging (MRI), and MEG (optional). The candidate will also be assigned to coverage on evenings, nights, and weekends.

Children’s Hospital of Philadelphia is a national leader in the advancement of healthcare for children and is consistently in the top 5 in the US News & World Report. Our world-class physicians are internationally recognized experts committed to providing children with the highest quality and most advanced care, delivered with compassion, integrity, and respect.

Philadelphia is a great place to live! We are known for our rich American history, diverse arts & culture scene, great restaurants, fantastic local school systems and numerous top colleges and universities. There are a variety of housing options in and outside of the city and convenient location to many other metropolitan areas on the east coast.

We offer a competitive compensation and benefits package including:

- Generous sign on bonus
- Medical, dental, vision, disability, and life insurance
