

Abstract Presentation Guidelines

Please review the following guidelines carefully before submitting your abstract. Failure to comply with these requirements may result in your abstract being ineligible for presentation or awards.

Abstract Submission Requirements

- Each submitter may submit a maximum of **three (3) abstracts**. Multiple abstracts must be submitted separately.
- Abstracts submitted by industry sponsors or exhibitors are **not permitted**. Generic product names should be used whenever possible.
- **Published or previously presented work is discouraged.**
- Last day to make edits to submitted abstracts is **September 18, 2026** at 11:59 PM ET.

Submission Categories

- Select the submission category that best fits your work. (Scientific, Educational, or Case Report)
- A limited number of Scientific and Educational posters will be selected for Poster Spotlight presentations.
- Authors submitting an abstract to be considered for an Oral Scientific Presentation may elect to have their abstract considered as a poster if not selected for an oral presentation.
- Only true scientific submissions or case series with analysis are acceptable for the oral scientific submission.
- Case reports should be submitted in the appropriate section and are digital posters

Abstract Formatting Requirements

- Maximum of 1,000 characters per section (excluding title and author list).
- Up to four (4) images may accompany each abstract.
- Images must be uploaded as JPG, JPEG, or PNG files.

Registration Requirements

Presenting authors **must register** for the ASPNR 2027 Annual Meeting by January 4, 2027.

- Failure to register by **January 4, 2027** will result in removal of your poster presentation from the Annual Meeting program.
- Only registered presenting authors may present posters onsite.

Poster Preparation

ASPNR 2027 will feature both **digital** and **printed** poster presentations. Please review the presentation format requirements below.

- **Digital Posters (Educational Exhibits & Case Reports):** Educational Exhibits and Case Reports will be presented as digital PowerPoint presentations. Detailed PowerPoint formatting and upload instructions will be provided at a later date. These presentations will be displayed on digital monitors during the Annual Meeting.
- **Scientific Posters:** Scientific abstracts will be presented as digital e-posters. However, a select number of Scientific Posters will be chosen as Poster Spotlight presentations and will also be displayed as printed posters during the Annual Meeting.

Authors selected for a printed poster must prepare a single printed poster that meets the following requirements:

- Posters must be prepared **as one single printed poster** and may not be split across multiple panels or pages.
- Maximum poster dimensions: **3 feet wide × 4 feet tall (36" × 48")**, including all margins.
- Use large, easy-to-read fonts and high-resolution graphics.
- Ensure all figures, charts, and photographs are clearly labeled.

Please Note: Additional instructions regarding digital poster formatting, PowerPoint specifications, e-poster uploads, and Poster Spotlight requirements will be provided to accepted presenters.

E-Poster Upload Requirements

All accepted poster presenters must upload two (2) PDF versions of their poster through the Poster Presenter Portal.

1. Blinded Review E-Poster (Redacted): The **Blinded Review E-Poster (Redacted) Copy** will be used exclusively for poster award judging. To ensure a blinded review process, this version **must not include** author names, institutional affiliations, institutional or corporate logos, or any other information that could identify the authors or their institution.

2. Onsite E-Poster: The **Onsite E-Poster** will be displayed in the ASPNR Annual Meeting Mobile App and made available to meeting attendees. This version **may include** author names, institutional affiliations, institutional or corporate logos, and all other presentation information.

Award Eligibility

- To be eligible for poster awards, both required e-poster PDFs must be uploaded by **December 18, 2026**.

- The printed poster must also be displayed during the Annual Meeting.
- Posters uploaded after December 18th remain eligible for presentation but not for awards.

Judging Criteria:

- | | | |
|---------------|---------------------|---------------------|
| • Importance | • Soundness of | • Educational Value |
| • Originality | Methods (Scientific | (Educational |
| • Clarity | Presentations) | Exhibits) |

Artificial Intelligence (AI) Guidance

Authors remain responsible for the accuracy, originality, and scientific integrity of all submitted content. If AI tools are used during preparation, they should support not replace original scientific work and analysis.

Onsite Poster Presentation

- Presenting authors are expected to be present at their poster during their assigned presentation time.
- Poster setup and removal instructions will be provided to accepted presenters prior to the Annual Meeting. (ASPNR is not responsible for posters left after the meeting)
- Mounting supplies will be provided onsite, but Authors are responsible for bringing, hanging, and removing their printed poster.
- Poster numbers and presentation schedules will be published in the online program and mobile app prior to the meeting.

E-Poster Deadlines

December 18, 2026 – Award Eligibility Deadline

- Upload both PDF poster files by December 18, 2026 to be eligible for poster awards.
- Posters uploaded after December 18, 2026 remain eligible for presentation but will not be considered for awards.

January 4, 2027 – Final Deadline

- Final deadline to upload your conference e-poster.
- Presenting authors must also be registered by this date.
- Failure to upload your poster or register by January 4, 2027 will result in removal of your poster from the Annual Meeting program.
