Pediatric Neuroradiologist

Department of Radiology
BC Children’s Hospital
Vancouver, British Columbia, Canada
Regular Full Time Position (1.0FTE)

BC Children’s Hospital (BCCH) is seeking a Full-Time Pediatric Neuroradiologist to join the Department of Radiology. The successful applicant will join our team of 15 Pediatric and Interventional Radiologists delivering imaging services to the 220 bed tertiary care BC Children’s Hospital, and consulting services to the wider Province of British Columbia. The radiology department is located within the new Teck Acute Care Centre which opened in October 2017. We are equipped with state of the art 3T and 1.5 T MRI, CT, US, Nuclear Medicine, fluoroscopy, radiography and angiography / IR systems.

The new Teck Acute Care Centre (TACC) on the Campus of BC Children's Hospital and BC Women's Hospital + Health Centre is an integral part of British Columbia’s health-care system, providing specialized care for the most seriously ill children and complex patients in BC. Designed with patients, their families and care teams in mind, the campus operates in an environment of patient-centred care valuing quality, excellence and innovation.

Teaching and clinical research are integral parts of the role. The BCCH Department of Radiology is affiliated with the University of British Columbia and offers both residency and fellowship training in Pediatric Radiology. Candidates should demonstrate strong communication skills and aspire to advance in academic radiology.

Candidates must be eligible for medical licensure in the Province of British Columbia, have or be eligible for Royal College of Physicians and Surgeons of Canada certification in Radiology and have completed a recognized fellowship in Pediatric Neuroradiology. Additional Pediatric Radiology or Adult Neuroradiology fellowship training is an asset.

The successful candidate will be recommended for clinical faculty appointment to the University of British Columbia. Academic rank, dependent on qualifications, will be recommended by the Department of Radiology of the University of British Columbia’s Faculty of Medicine.
Applications, accompanied by a cover letter, detailed curriculum vitae, and teaching dossier, should be directed to:

Dr. Heather Bray, Head, Department of Radiology, BC Children’s Hospital
Email: hbray@cw.bc.ca

Applications will be accepted until the position is filled.

What we do

BC Children’s Hospital (BCCH) cares for the most acutely ill or injured children and youth in the province of British Columbia, provides developmental and rehabilitation services to children and youth throughout BC, and offers a broad range of health services. BCCH also operates a wide number of specialized health programs, is a leading acute care teaching facility, and conducts research to advance health and care through the BC Children's Hospital Research Institute and in partnership with the University of British Columbia.

For more information about BC Children’s Hospital, please visit www.bcchildrens.ca

BCCH is a part of the Provincial Health Services Authority (PHSA) which plans, manages and evaluates specialty and province-wide health care services across BC. PHSA embodies values that reflect a commitment to excellence. These include: Respect people • Be compassionate • Dare to innovate • Cultivate partnerships • Serve with purpose

BC Children’s Hospital and the University of British Columbia hire on the basis of merit and are committed to employment equity. In accordance with Canadian Immigration requirements, this advertisement is first directed to Canadian citizens and permanent residents but international candidates are invited to apply. We encourage applications from all qualified individuals, including Aboriginal peoples, persons with disabilities and members of visible minorities.
